CCTV
Our cutting edge surveillance solutions range from individual cameras to large-scale, fully integrated CCTV systems.

Access Control
Let the right people in with our variety of access control systems. We offer locking systems, software, and card readers compatible with physical, digital, and biometric credentials.

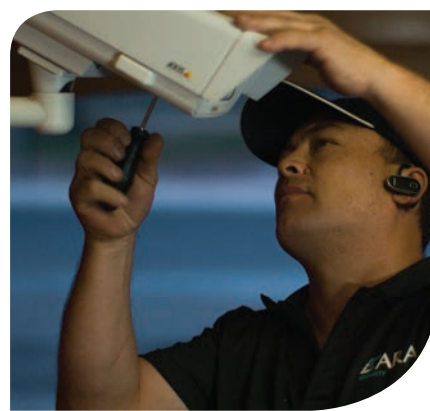

Identification
We can cater to any identification needs with our extensive range of ID cards, printers, lanyards, holders, and accessories.

Commercial
We tailor our installations to meet the unique requirements of each room in each building, to ensure that every client's property is as secure as possible.

Financial
Our experience in installing electronic security systems for Australian banks is unparalleled.

Government
From international embassies to police stations and correctional facilities, we are a trusted security provider to critical government infrastructure.

Scheduled
Using CLARAFY®, our innovative asset management system, we track and schedule maintenance for every piece of security equipment on site.

Reactive
We provide all clients with access to our 24/7 emergency hotline, and will dispatch technicians to provide immediate support whenever necessary.

National Coverage
Our vast network of dedicated technicians and agents provide scheduled and reactive service and maintenance to all of Australia.

Door To Door Service
We will safely collect and deliver all your business' takings with our overt or covert cash in transit options, both of which are underpinned by our groundbreaking IBNS technology.

IBNS (Intelligent Banknote Neutralisation System)
Our groundbreaking IBNS technology prevents unauthorized access to 100% of currency contained within the carry case.

First Line Maintenance
Our expert technicians offer replenishment, maintenance, and on-the-spot repairs to ATMs across Australia.

Dedicated to keeping Australia safe.

OUR VISION

"We're set apart from our competitors by our commitment to innovation. We strive to find and utilise new technology to effectively and economically protect our clients."
